

# Coal On Draught! If Only That Were True? *Using Smartbunker-It's as easy as pulling a pint!!*

**ARE YOU** tired of getting cold, dirty and dusty whilst working hard to give your customers a warm welcome?

Originally designed for arthritis and chronic back pain sufferers, the multi-purpose, multi-award winning Smartbunker provides ideal storage and an easy to use dispensing system for coal, wood pellets or salt & grit.

- Fully waterproof
- Suitable for indoor or outdoor use
- Lockable lid
- Easy assembly in under 5 minutes
- Can be secured to the ground if required
- Easy to use dispenser system
- NO SHOVEL REQUIRED

"One of the best things we ever bought... #smartbunker ... would happily recommend... well done and best of luck!"

Suzanne J Brant

"Brilliant product, very well made, light and so easy to move around if needs be. A clean and tidy addition around any house or property."

Patrick L

If you're interested in having your coal, wood pellets, or grit on draught (no pipes to clean) then visit our website, watch our videos and ask us some questions.
